INTERNATIONAL WHEAT MARKET

*632. SHRI M. VALIULLA: Will the Minister for FOOD AND AGRICULTURE be pleased to state:

(a) whether Government are aware of the present trend in wheat prices in the international wheat market;

(b) whether India and other consumer countries have any scheme or plan to control the wheat price in the international market; and

(c) how much wheat has been purchased in 1953 from the United States of America and Canada and at what rates?

THE DEPUTY MINISTER FOR FOOD AND AGRICULTURE (SHRI M. V. KRISHNAPPA) :
(a) Yes.

(b) No.

(c) We have so far purchased 4,56,000 tons and 3,50,000 tons from U.S.A. and Canada respectively under the International Wheat Agreement at about \$185 per bushel. In addition we have purchased some 62,000 tons from Canada with the Colombo Plan Funds at an average price of about \$2'15£ per bushel.

SHRI M. VALIULLA: Is it a fact, Sir, that we are paying more than last year?

SHRI M. V. KRISHNAPPA: Not exactly. But the ceiling and floor prices are more.

SHRI M. VALIULLA: What does "not exactly" mean? Have we paid more prices?

SHRI M. V. KRISHNAPPA: The ceiling prices last year have been fixed at 180 dollars maximum price and 130 dollars minimum price. Though the ceiling was 180 dollars, we used to get above that. This year the ceiling has been fixed at 2'05 dollars but we may get below that.

SHRI M. VALIULLA: Was not a protest raised by the Government of India in respect of raising the ceiling prices of wheat, Sir?

SHRI M. V. KRISHNAPPA: Sir, this has been answered a number of times.

SHRI M. VALIULLA: Not on the floor of this House.

SHRI M. V. KRISHNAPPA: For about three months both the U.K. and India joined together and went into the whole thing and we got down the prices from original quotations.

SHRI M. VALIULLA: Has the U.K. not agreed to this?

SHRI M. V. KRISHNAPPA: That is the only country which has not agreed.
