

regular supply of rice and *dal* at concessional rates in the future.

(b) Yes.

(c) Several attempts were made by both junior and senior officers of the conciliation machinery to bring about a settlement but without success.

SHRI S. N. DWIVEDY : When was this award published ?

SHRI ABID ALI : In 1948-49-

SHRI S. N. DWIVEDY : Why was the implementation delayed so long ?

SHRI ABID ALI : The management was not able to pay. It was reported that the payment was beyond their capacity.

SHRI S. N. DWIVEDY : Is it a fact that the management changed hands only in the year 1951 ?

SHRI ABID ALI : Yes, Sir, it is true.

SHRI S. N. DWIVEDY : Is it not a fact that the present management is running at a loss while the previous management was running at a profit ?

SHRI ABID ALI : Yes, but, the new management has paid

SHRI S. N. DWIVEDY : Is the Government going to prosecute the management ?

SHRI ABID ALI : Yes, Sir. Government is going to prosecute.

SHRI C. G. K. REDDY : How long did it take between the award and the refusal of the Company not to abide by that award and the time at which the prosecution proceedings were started ? *

SHRI ABID ALI : Continuous efforts were made. Prosecution was not the only objective. The management could have been prosecuted and

financed Rs. 200 but, that would not have been in the interests of the workers. The attempt of the Conciliation Department was that the workers should be benefited, not only that the management should be prosecuted. Because of its efforts, Rs. 80,000 have been paid by the management to the workers.

SHRI C. G. K. REDDY : Does it usually take about 3 years between the giving of the award and the implementation of the award under the labour policy of the Government ?

SHRI ABID ALI : It should not take even a month, Sir ; but it is a very peculiar case and it is very unfortunate. We appreciate that the workers have been put to inconvenience but the Conciliation Department has been alive to its responsibilities and has been trying to help them to its utmost capacity.

SHRI C. G. K. REDDY : What further steps do the Government propose to take to see that this award is implemented, especially in view of the fact that what appears to be a justifiable strike is going on at the moment ?

SHRI ABID ALI : Sir, it is unfortunate again that the workers have been advised to go on strike. They themselves and their leaders are worried about it and we are here to help them out of their difficulties.

SHRI K. S. HEGDE : Does the implementation of the award depend upon the sweet will of the management ?

SHRI ABID ALI : No, Sir, the previous and present managements are responsible.

SHRI K. S. HEGDE : What useful purpose will be served if the Government is unable to enforce it ?

SHRI ABID ALI : It is not that Government has not been able to enforce it ; Government has been helping and, as I had said, because of our efforts Rs. 80,000 were paid to the workers.

SHRI K. S. HEGDE: Will it not be thought that the Government is not firm in the matter ?

THE MINISTER FOR LABOUR (SHRI V. V. GIRI) : No, not at all.

SHRI P. C. BHANJ DEO : Did the Chief Labour Commissioner visit the troubled spot in this year, before the trouble commenced ?

SHRI ABID ALI : The Chief Labour Commissioner had been there.

SHRI B. RATH : Is it not a fact that the strike was not a sudden one, but after repeated attempts made by the workers to arrive at a settlement ?

SHRI ABID ALI : Yes, Sir, and a settlement was also arrived at according to which payment was to be made by stages. Again, the workers were advised not to accept that and the employers took opportunity of this situation and backed out.
