(a) whether his attention has been drawn to a statement in the White Paper on the Punjab Budget for 1952-53 (page 35) that "unfortunately a substantial portion of them (i.e., Central Government loans) have been taken for purposes which are quite clearly not productive, nor can they in their very nature be so ";

(b) what portion of the total Central Government loans of Rs. 59,62,000, due from the Punjab on the first of

April 1952, was taken and used by that State for unproductive purposes;

(c) whether any steps have been taken to write off the unproductive loans granted to the Punjab;
