THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY AND CIVIL SUPPLIES (SHRI B. P. MAURYA) : Arrangements already exist for resources to be provided to sick industrial units on special terms. The IRCI was set up to assist the sick industrial units and it has so far sanctioned loans and guarantees to the extent of Rs. 31 crores for 93 units. The position in regard to sick industrial units in general, was recently reviewed and it was

felt that emphasis should be on prevention of sickness, with the leading role being played by financial institutions and commercial banks in nursing affected units to enable them to regain viability. The Government have also recently announced their decision to provide the Industrial Development Bank with enough resources to enable it, in collaboration with other term lending institutions, to finance the requirements of modernisation, renovation and rehabilitation of units in certain important industries. This should help in preventing such units from falling into the 'sick' list.
