

(b) The number of targeted 'Quality affected' habitations that were covered in the year 2010-11 was 27107 (65.96%). All the 376 Uncovered habitations were covered (100%) and 91918 Partially covered habitations (114%) were covered. The reasons for not fully achieving the target of coverage of quality affected habitations, include high capital costs of large multi-village schemes to bring water from distant safe sources, time taken for planning, designing, sanctioning, procuring, execution and commissioning of such schemes, procurement issues, etc.

(c) As reported by the States on the online Integrated Management Information System (IMIS) of the Ministry, as on 1.4.2012, there are 99,380 habitations in the country where at least one drinking water supply source is reported as contaminated that remain to be provided with safe drinking water.

#### **Drinking water in Rajasthan**

‡495. SHRI OM PRAKASH MATHUR: Will the Minister of DRINKING WATER AND SANITATION be pleased to state:

(a) whether a scheme related to drinking water sent by the State Government of Rajasthan is pending with the Central Government;

(b) if so, the reasons for the delay; and

(c) the time by which it is to be approved?

THE MINISTER OF DRINKING WATER AND SANITATION (SHRI JAIRAM RAMESH) : (a) No, Sir. Under National Rural Drinking Water Programme (NRDWP), the State Governments are competent to plan, approve and execute drinking water projects. The drinking water supply projects are approved by the State Level Scheme Sanctioning Committee. Hence, no projects under NRDWP are pending at the Central level.

(b) and (c) Do not arise.

#### **Review mechanism for NRDWP**

496. SHRI DEVENDER GOUD T.: Will the Minister of DRINKING WATER AND SANITATION be pleased to state:

---

‡Original notice of the question was received in Hindi.

(a) the details of review mechanism that the Ministry has with regard to implementation of National Rural Drinking Water Programme (NRDWP);

(b) whether the Ministry has found any lacunae in implementation of the Programme in the country, particularly in Andhra Pradesh;

(c) if so, how is it planning to rectify the lacunae; and

(d) the details of physical targets set and achieved under the programme in Andhra Pradesh during the last three years, year-wise and district-wise?

THE MINISTER OF DRINKING WATER AND SANITATION (SHRI JAIRAM RAMESH): (a) The Ministry of Drinking Water & Sanitation reviews the implementation of the National Rural Drinking Water Programme (NRDWP) periodically by conducting national and regional review meetings and video conferences with the State Department officers dealing with rural water supply. Conferences of State Secretaries in-charge of Rural Drinking Water Supply and Sanitation of all States were held on 17-18 December, 2009, 5-6 May, 2010, 1 June, 2011 and 24th-25th May, 2012 and in June-August, 2012, wherein the progress achieved under NRDWP was reviewed.

Senior Officers/Technical Officers of the Ministry also visit the States to observe the progress of implementation of the programme. The review meetings and visits provide information about the implementation of the Programme and enables the Government of India and State Governments to focus on the areas where progress is lacking.

(b) No, Sir.

(c) Does not arise.

(d) The details of physical targets set and achieved under the programme in Andhra Pradesh during the last three years, year-wise and district-wise is given in Statement.

**Statement**
