The data in above table depicts that the trade deficit has been continuously declining over the years.

The Government has taken following steps to reduce the trade deficit:

- (i) The New Foreign Trade Policy (2015-20) was announced on 1st April, 2015 with a focus on supporting both manufacturing and services exports.
- (ii) The Merchandise Exports from India Scheme (MEIS) was introduced in the Foreign Trade Policy (FTP) 2015-20 on April 1, 2015 and is a major export promotion scheme implemented by the Ministry of Commerce and Industry. MEIS aims to incentivize merchandise exports, including exports from MSME Sector, which are produced/ manufactured in India. Rewards @ 2-5% under MEIS are payable as a percentage of realized FOB value of covered exports, by way of the MEIS duty credit scrip, which are transferable and can also be used for payment of a number of duties including the basic customs duty. At present, 7914 tariff lines at 8 digit HS Codes are covered under MEIS scheme.
- (iii) The Government has also launched Services Exports from India Scheme (SEIS) in the FTP 2015-2020. The Scheme provided rewards to service providers of notified services who are providing service from India. The rate of reward under the scheme would be based on net foreign exchange earned. The present rates of reward are 3% and 5%.
- (iv) The Government is implementing the Niryat Bandhu Scheme with an objective to reach out to the new and potential exporters including exporters from Micro, Small & Medium Enterprises (MSMEs) and mentor them through orientation

programmes, counseling sessions, individual facilitation, etc., on various aspects of foreign trade for being able to get into international trade and boost exports from India.

- (v) As part of the "Ease of Doing Business" initiatives, the Government has launched Single Window Interface for Facilitating Trade (SWIFT) clearances project w.e.f. 1st April, 2016. The scheme enables the importers/exporters to file a common electronic 'Integrated Declaration' on the Indian Customs Electronic Commerce/Electronic Data Interchange (EC/EDI) Gateway i.e. ICEGATE portal. The Integrated Declaration compiles the information requirements of Customs, FSSAI, Plant Quarantine, Animal Quarantine, Drug Controller, Wild Life Control Bureau and Textile Committee. It replaces nine separate forms required by these 6 different agencies and Customs.
- (vi) Interest Equalization Scheme on pre & post shipment credit launched to provide cheaper credit to exporters. The scheme is available to all exports under 416 tariff lines [at ITC (HS) code of 4 digit] and exports made by Micro, Small & Medium Enterprises (MSMEs) across all ITC (HS) codes. The rate of interest equalisation is 3% per annum.
- (vii) Further, the Government continues to provide the facility of access to duty free raw materials and capital goods for exports of goods including those manufactured by the MSME Sector through schemes like Advance Authorization, Duty Free Import Authorization (DFIA), Export Promotion Capital Goods (EPCG) and drawback/refund of duties.
- (viii) A new scheme called Trade Infrastructure for Export Scheme (TIES) has been announced by the Government with the objective to enhance export competitiveness by bridging gaps in export infrastructure, creating focused export infrastructure, first mile and last mile connectivity for export oriented projects and addressing quality and certification measures. The Central and State Agencies, including Export Promotion Councils, Commodities Boards, SEZ Authorities and Apex Trade Bodies recognised under the EXIM policy of Government of India are eligible for financial support under this scheme.
- (ix) The Government has approved the proposal for notification of commitments under the Trade Facilitation Agreement (TFA) of World Trade Organization (WTO), ratification and acceptance of the Instrument of Acceptance of Protocol of TFA to the WTO Secretariat and constitution of the National Committee on

Trade Facilitation (NCTF). The Trade Facilitation Agreement (TFA) contains provisions for expediting the movement, release and clearance of goods, including goods in transit. It also sets out measures for effective cooperation between customs and other appropriate authorities on trade facilitation and customs compliance issues. These objectives are in consonance with India's "Ease of Doing Business" initiative. The Trade Facilitation Agreement shall enter into force for the notified members upon acceptance by two-third WTO Members.
