Exploration of fresh coal reserves

370. SHRI SAMBHAJI CHHATRAPATI: Will the Minister of COAL be pleased to state:

- (a) whether it is a fact that Government has slowed down the exploration of fresh coal reserves in the country after 2014 using latest techniques in the field of coal mining;
- (b) if so, the details thereof; and
- (c) the reasons Government is not taking initiative to avail technical know-how from the specialised agencies of other countries having proven record?

THE MINISTER OF COAL (SHRI PIYUSH GOYAL): (a) and (b) The Government has not slowed down the exploration for estimation of fresh coal resources in the country. Fresh coal resources are identified through Promotional/Regional exploration/drilling. Every year about 1 to 3 billion tonne of fresh resources are added through Promotional/Regional exploration to the Coal Inventory of the country.

Achievement of Promotional/ Regional exploration drilling was 1.76 lakh m (2017-18) in comparison to 1.51 lakh m in 2013-14.

- (c) Initiatives have been taken to avail new techniques like 2D/3D seismic survey, Air borne survey etc. from specialized agencies through Global tendering.
