

(b) Does not arise.

(c) and (d) Yes, Sir. Indian Railway has planned to source 1000 Mega Watt (MW) solar and 200 MW wind power by 2020-21.

**CTSE scheme**

2555. SHRIMATI KAHKASHAN PERWEEN:

DR. ANIL KUMAR SAHANI:

Will the Minister of RAILWAYS be pleased to state:

(a) Total number of pensioners in four metro cities and how many out of them joined Cashless Treatment Scheme in Emergency (CTSE), launched by Railways on 14 July, 2016 for one year;

(b) whether scheme has been extended beyond one year and is there any action plan to further extend it;

(c) whether, since launch of this scheme hardly 650 retired staff/officers enrolled, reflecting it being unpopular, the steps being taken therefor;

(d) whether the expenditure incurred cause heavy financial burden, which needs to be investigated; and

(e) whether the hospitals, which signed MoU, are not entertaining Railway pensioners holding CTSE card?

THE MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI RAJEN GOHAIN): (a) As on 31.03.2017 there are 14,81,690 pensioners in Indian Railways including four metro cities. The Cashless Treatment Scheme in Emergency (CTSE), which is an optional scheme for Retired Employee Liberalized Health Scheme (RELHS) was launched on 12.07.2017 and till date 663 pensioners have applied to join the scheme.

(b) Does not arise, as year is still not completed.

(c) No, Sir. The CTSE is an optional scheme for RELHS card holders.

(d) and (e) No, Sir.
