

(b) if so, the details thereof along with the time by which air services are proposed to be started from these cities?

THE MINISTER OF STATE OF THE MINISTRY OF CIVIL AVIATION (SHRI HARDEEP SINGH PURI): (a) and (b) Government has launched Regional Connectivity Scheme (RCS)-UDAN (Ude Desh ka Aam Nagrik) on 21.10.2016 to stimulate regional air connectivity by making it affordable. In the second round of bidding under RCS - UDAN, Airports Authority of India (AAI), the Implementing Agency, awarded the following network to Selected Airline Operator (SAO) for starting air services from Darbhanga in Bihar:

1. Mumbai - Darbhanga - Mumbai
2. Delhi - Darbhanga - Delhi
3. Bengaluru - Darbhanga - Bengaluru

The Selected Airline Operators (SAOs) are obligated to commence RCS flight operations on a RCS-route within a period of six months from the issuance of Letter of Award or within two months from the readiness of airport, whichever is later, unless any extension is granted by the Implementing Agency. The RCS operations from Darbhanga can be commenced once the runway is strengthened to required capacity for operations of aircraft (B-737) as submitted in the bid by the SAO. AAI has taken up the works for strengthening of the runway and construction of terminal building. Purnea is a Defence airport which is under repair, hence not available for bidding under RCS-UDAN currently. No airline has submitted any bid to operate RCS - UDAN flights connecting Bhagalpur, Saharsa and Valmikinagar airports under RCS - UDAN in the earlier rounds of bidding. Bhagalpur, Saharsa and Valmikinagar Airports figure under tentative lists of unserved Airports/Airstrips in the country of RCS - UDAN document of version 4.0. If any valid bid is received under RCS-UDAN, same shall be considered as per scheme document.

Construction of new airports

330. SHRI SATISH CHANDRA DUBEY: Will the Minister of CIVIL AVIATION be pleased to state:

(a) the current status and the expenditure incurred for construction and development work of airports for which funds have been allocated during each of the last three years and the current year, State/UT-wise including Bihar;

(b) whether Government proposes to build and develop more airports/Greenfield airports in the country with the collaboration of States/UTs based on the Public-Private Partnership (PPP) model; and

(c) if so, the details thereof including Bihar along with the amount likely to be spent thereon and the time-limit fixed for its completion, State-wise?

THE MINISTER OF STATE OF THE MINISTRY OF CIVIL AVIATION (SHRI HARDEEP SINGH PURI): (a) The development of Airports is a continuous process and is undertaken by the Airports Authority of India (AAI) or the concerned airport operator from time to time depending on the availability of land, commercial viability, socio-economic considerations, traffic demand / willingness of airlines to operate to/from such airports. The details of major construction and development works of AAI started during each of the last three years and the current year at various airports along with the present status thereof and expenses incurred including Bihar are given in Statement (*See below*).

(b) and (c) State Government of Kerala has established and operationalized a Greenfield International airport at Kannur in Kerala in December 2018 under Public Private Partnership (PPP) model. In addition, Government of India (GoI), Ministry of Civil Aviation has granted 'in principle' approval to various State Governments for setting up of Greenfield Airports in the country. Out of these, Mopa in Goa (₹ 1900 crore in Phase I), Navi Mumbai (₹ 16704 crore) and Sindhudurg (₹ 450 crore in Phase I) in Maharashtra; Bhogapuram (₹ 2302.51 crore in Phase I) and Dagadarthi (₹ 368.38 crore) in Andhra Pradesh; Hasan (₹ 592 crore) in Karnataka; Dholera (₹ 1685 crore in Phase I) in Gujarat and Noida (Jewar) (₹ 3754 crore in Phase I) in Uttar Pradesh are in PPP model by the respective State Governments. The responsibility of implementation of these projects rests with the State Governments concerned. The timeline for construction of airport projects depends upon many factors such as land acquisition, availability of mandatory clearances, financial closure, etc. by the individual operator.
