ANSWER

MINISTER OF AGRICULTURE AND FARMERS WELFARE

(SHRI NARENDRA SINGH TOMAR)

(a): Bringing Green Revolution to Eastern India (BGREI), a sub scheme of RashtriyaKrishiVikasYojana (RKVY), launched in 2010-11, is being implemented in seven eastern states namely Assam, Bihar, Chhattisgarh, Jharkhand, Odisha, Eastern Uttar Pradesh and West Bengal. Under the programme, assistance is being provided to the farmers for organizing cluster demonstrations on rice and wheat, seed production and distribution, nutrient management and soil ameliorants, integrated pest management, cropping system-based training, asset-building such as farm machineries & implements, irrigation devices, site specific activities and post harvest & marketing support, etc.

(b): Under the programme, Government of India allocates the fund to the State and further allocation to district is made by the respective State Government. The state-wise

allocation, release and expenditure of funds under the programme during last 5 years are at **Annexure-I**.

(c) & (d): BGREI programme is intended to address the constraints limiting the productivity of “rice based cropping systems” in eastern India. Under these systems, the other crops like wheat, coarse-cum-nutri cereals, pulses & oilseeds are already covered.

(e): The state-wise details of targets and achievements reported by the respective states during last 5 years for major interventions are at **Annexure-II**.
