ANSWER

THE MINISTER OF STATE (INDEPENDENT CHARGE) OF THE MINISTRY OF HOUSING AND URBAN AFFAIRS

(SHRI HARDEEP SINGH PURI)

(a) to (c): Government of India launched the Smart Cities Mission (SCM) on 25 June 2015 for development of 100 Cities as Smart Cities. Four Cities in the State of Rajasthan i.e. Jaipur, Udaipur, Ajmer and Kota have been selected for development as Smart Cities.

During the COVID 19 lockdown period, execution of works under the Smart Cities Mission was temporarily halted in varying proportions across cities. However, cities have commenced works after un-lockdown by taking corrective measures for quick remobilization of workforce and ensuring availability of materials. Work has now commenced on all such projects and cities are expected to complete their projects within 5 years from the date of their selection. The city-wise status of projects in the State of Rajasthan is given below:

(₹ in crore)
