The details of the programmes and achievements made by the Government in the area of the Millennium Development Goals (MDGs) had been published in the publication “Millennium Development Goals-Final Country Report of India, 2017”, which is available on the website of the Ministry. The MDGs were for the period from 2000 to 2015 and, thereafter with a view to foster holistic development from social, economic and environmental perspectives, the United Nations adopted the Sustainable Development Goals (SDGs) for the period 2015-2030.
