ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI ANURAG SINGH THAKUR)

(a) and (b) The Government follows a policy of disinvestment through minority stake sale and Strategic disinvestment. Profitability/loss of the CPSE is not a relevant criterion for disinvestment.

The underlying objective of minority stake sale is monetization of the value of part Government Equity in the CPSEs, without transfer of management control.

Strategic Disinvestment implies substantial sale of Government shareholding of a CPSE along with transfer of management control. Strategic disinvestment of CPSEs is being guided by the basic economic principle that Government should discontinue in sectors, where competitive markets have come of age and economic potential of such entities may be better discovered in the hands of strategic investor due to various factors such as infusion of capital, technological upgradation and efficient management practices; and would thus add to the GDP of the country.

Further, the resource unlocked by the disinvestment of the CPSEs would be used to finance the social sector/ developmental programmes of the Government benefiting the public.

Lists of CPSEs that have been divested through minority stake sale and strategically divested during the last five years are given at Annexure I and Annexure II respectively, details of which are also available on the website of DIPAM at www.dipam.gov.in

(c) No, Sir.

(d) Does not arise in view of (c) above.
