THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS

[SHRI V. MURALEEDHARAN]

(a) & (b) Since the beginning of the pandemic, the Government's efforts have been focussed on effectively fighting the disease and mitigating its effects. Through its national efforts and with international cooperation, India has been dealing with the ongoing pandemic. There has been more than one wave of the disease including due to mutations of the virus. Under these evolving circumstances, the statements made by the Government focus on India's national efforts, international cooperation and the extant/present state of the pandemic.
