ANSWER

THE MINISTER OF STATE FOR JAL SHAKTI
(SHRI PRAHLAD SINGH PATEL)

(a) To enable every rural household to have provision of potable tap water supply by 2024, Government of India in partnership with States, is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal. The key features of the Jal Jeevan Mission (JJM) are to make provision of potable water to every rural household and other public institutions in villages like schools, anganwadi centres, ashramshalas, health centres, etc. through tap water connection.

(b) & (c) On 15th August, 2019, at the time of announcement of Jal Jeevan Mission, out of 18.93 Crore rural households, 3.23 Crore households (17%) were reported to have tap water connection. Since then, 4.60 Crore (24.09%) rural households have been provided tap water connections, thus, as on date, 7.84 Crore (41%) rural households have provision of tap water supply. The State/ UT-wise details of the number of households that are having provisions of tap water supply in their homes is at **Annex**.

(d) Following the principle of 'no one is left out', every rural household in villages is being provided tap water connection under JJM. So far, in 76 districts and 1.05 lakh villages, provision of tap water supply to every household has been made in line with the motto of 'Sabka Sath, Sabka Vikas.' Further, provisions have been made for prioritizing tap water supply in water-quality affected habitations, desert and drought-prone areas, Aspirational and JE–AES affected districts, SC/ ST majority villages, Saansad Adarsh Gram Yojana (SAGY) villages, etc.
