These schemes/programmes further the objectives to remove of rural-urban imbalances, provide self-sufficiency in villages and promote balance economic growth.

(c): The Government focuses on development of rural areas by provision of basis amenities and facilities like, inter-alia, housing, connectivity and social security measures to the rural people.

With a view to provide a pucca house for the weaker sections living in rural areas, this ministry is implementing PMAY-G, which aims to provide assistance to eligible rural households for construction of 2.95 Crore Pucca houses with basic amenities to achieve the objective of “Housing for All” in rural areas. To allow the beneficiaries a dignified living, the Scheme aimed at converging benefits from other initiatives aiming at provision of basic services to the beneficiary household. PMAY-G has been converged with Swachh Bharat Mission-Gramin (SBM-G) for construction of toilets. For other amenities, convergence for piped drinking water, electricity connection, LPG connection etc. under government programs is also envisaged.

This Ministry is also implementing PMGSY, which was launched in the year 2000 as a measure towards alleviation of poverty in rural areas by providing access to basic services to the rural population by providing them good quality roads, connect habitations to Gramin Agricultural Markets, Higher Secondary Schools and Hospitals. For creating employment opportunities and imparting skills to rural people, this Ministry is implementing a number of schemes viz., MGNREGS, DDU-GKY and RSETI. While MGNREGS assures guaranteed employment to the unskilled workers in the rural areas, DDU-GKY and RSETI schemes promote employability through either wage or self-employment leading to economic and social development of youths of rural area of the country. NRLM is also working to mobilise rural poor women in Self Help Groups (SHGs) and to create additional livelihood opportunities for them through provision of credit, orientation on key livelihood skills and advisory support besides taking up value chain development activities. Under PMKVY, STT is linked to placement, while RPL does not mandate placements as it recognizes the existing skills of candidate. Similarly, Ministry of Micro, Small & Medium Enterprises is implementing Prime Minister’s Employment Generation Programme (PMEGP), which is a major credit-linked subsidy programme aimed at generating self-employment opportunities through establishment of micro-enterprises in the non-farm sector by helping traditional artisans and unemployed youth.

With a view to provide support to old persons, widows and physically handicapped, this Ministry is implementing NSAP which is a social security/social welfare programme for below poverty line households applicable to senior citizens, widows, disabled persons and bereaved families on death of primary bread winner.
