ANSWER

THE MINISTER OF STATE FOR JALSHAKTI
(SHRI PRAHLAD SINGH PATEL)

(a) to (b) Since August, 2019, Government of India in partnership with States, is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal, to make provision of potable tap water supply to every rural household in the country by 2024.

In these 27 months, 17.21 lakh rural households in Gujarat have been provided tap water connections. As on 06.12.2021, out of total 92.92 lakh rural households in the State, the provision of tap water supply has been made to 82.37 lakhs (88.65%) rural households. The Government of Gujarat has planned to make provision of tap water supply to every household by 2022 instead of by 2024.

The detailed information related to status as well as progress in making the provision of tap water supply to rural households in the country is in public domain on JJM–dashboard and available at:
