### **Need to support handloom silk weaving sector**

SHRI G.K. VASAN (Tamil Nadu): \* Hon. Chairman Sir, in Tamil Nadu, silk weaving is undertaken in many towns such as Kumbakonam, Thirubuvanam, Thanjavur, Ariyalur, Coimbatore, Arani, Kancheepuram and Sevalpattupalayam. Silk sarees, silk dhotis and silk shirts are woven here. In many States of India, silk weaving industry is functional through handloom silk weaving. As far as Tamil Nadu is concerned, more than ten lakh people are engaged in silk weaving industry as weavers, silk traders, owners of silk textile shops etc. More than two lakh people are involved in marketing of silk clothes.

Raw silk, which is needed for silk weaving industry in Tamil Nadu, is obtained from the States of West Bengal and Karnataka. Fifty percent of raw silk is obtained from these States and the remaining part is imported from abroad also. The cost of one kilogram of raw silk was Rs.3,500, six month ago. But now, the cost of raw silk has increased from Rs.7,500 to Rs.8,000. Approximately, the cost of raw silk has increased more than hundred per cent. Silk producers cannot get proper price for the finished product. Therefore, they had to withhold production of silk clothes, sarees and dhotis. Silk weavers are losing their jobs. I request the Central Government and State Governments to take proper measures to reduce the cost of raw silk necessary for the production of silk clothes so as to help the silk weavers. Moreover, I request the Government to take necessary steps to increase import of raw silk so that silk weaving industry will not have shortage of raw materials. Thank you, Sir.

I understand a little because I am a neighbour. Many of the lady Members could not understand it; otherwise, all of them would have associated because of silk sarees, *pattu* sarees.
