GOVERNMENT OF INDIA MINISTRY OF RURAL DEVELOPMENT DEPARTMENT OF RURAL DEVELOPMENT

RAJYA SABHA UNSTARRED QUESTION NO. 913 TO BE ANSWERED ON 09.02.2022

SCOPE AND POTENTIAL OF WORKS UNDER MGNREGS

913 SHRI K.R.N. RAJESHKUMAR:

Will the Minister of RURAL DEVELOPMENT be pleased to state:

- (a) whether there is a lot of scope and potential for taking up works under Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS) which would not only benefit farmers but also help in creation of assets;
- (b) if so, whether Government has identified such works to be done under MGNREGS;
- (c) if so, the details thereof; and
- (d) whether Government has reviewed the implementation of MGNREGS, drinking water schemes and other works recently and if so, the outcome thereof?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI FAGGAN SINGH KULASTE)

(a) to (c): Mahatma Gandhi National Rural Employment Guarantee Scheme (Mahatma Gandhi NREGS) is a demand driven wage employment programme. The core objective of the scheme is to provide not less than one hundred days of unskilled manual work as a guaranteed employment in a financial year to every household in rural areas as per demand, resulting in creation of productive assets of prescribed quality and durability and to strengthen the livelihood resource base of the poor.

As per para 4(2) of Schedule 1 of Mahatma Gandhi National Rural Employment Guarantee Act (Mahatma Gandhi NREGA), the District Programme Coordinator (DPC) shall ensure that at least 60% of the works to be taken up in a district in terms of cost shall be for creation of productive assets directly linked to agriculture and allied activities through development of land, water and trees.

The Ministry also focus on individual beneficiaries works by improving productivity of lands of households specified in paragraph 5 through land development, by providing suitable infrastructure for irrigation, by improving livelihoods through horticulture, sericulture, plantation and farm forestry and by creating infrastructure for promotion of livestock and fisheries.

There are 262 types of permissible works out of which 182 works are related to Natural Resource Management (NRM) and 164 works are related to agriculture and allied activities. The list of 164 permissible works related to agriculture and allied activities is given at **Annexure.**

(d): The review of implementation of Mahatma Gandhi NREGS is done on regular basis and necessary improvements are made accordingly. The system of geo-tagging of assets, National Electronic Fund Management System (NeFMS) for direct wage payment into the account of beneficiaries, the functioning of social audit units, GIS based planning by Gram Panchayats are the subjects/outcomes of the regular review of the scheme.

As per information shared by Ministry of Jal Shakti, the Ministry in partnership with States is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal, which aims at providing potable water in adequate quantity of prescribed quality on regular and long-term basis to every rural household, through tap water connection.

As water is a State subject, it is the States who plan, design, implement, operate and maintain the water supply schemes. Central Government only supplements the efforts of State Governments by providing technical and financial assistance for successful implementation of drinking water projects in rural areas.

Under JJM, provision has been made that Village Action Plan (VAPs) is to be prepared. All States have been advised that while preparing Village Action Plan, dovetailing of resources available at village level under various programmes like 15th Finance Commission tied grant for water & sanitation, JJM, Swachh Bharat Mission-Gramin, Mahatma Gandhi NREGS, District Mineral Development Fund, CSR fund, community contributions, etc. are to be taken up for long-term water security of the village;"

Annexure referred in reply to parts (a) to (c) of Rajya Sabha Unstarred Question No.913 dated 09.02.2022
