

GOVERNMENT OF INDIA
MINISTRY OF PETROLEUM & NATURAL GAS

RAJYA SABHA
UNSTARRED QUESTION NO.928
TO BE ANSWERED ON 25th July, 2022

Status of EBNGS in Gujarat

928 # SHRI NARHARI AMIN:

Will the Minister of **Petroleum and Natural Gas** be pleased to state:

- (a) the status of Energy Based Natural Gas Sources (EBNGS) in Gujarat; and
- (b) the types of natural gas sources that are available in the State; region and number-wise details thereof?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF PETROELUM & NATURAL GAS
(SHRI RAMESWAR TELI)

(a) & (b) : Oil and gas blocks under nomination and other various contract regimes operational in Gujarat, have about 45.6 Billion Cubic Metres (BCM) 2P (Proven + Probable) Gas Reserves as on 01.04.2021. The natural gas production in the state of Gujarat is 1.02 BCM for the FY 2021-22, which is around 3% of overall gas production in the country. The major natural gas producing regions are Ankleshwar, Ahmedabad, Cambay, Mehsana and Surat in the State of Gujarat. The estimated Coal Bed Methane (CBM) resource in Gujarat State is about 351 BCM. However, no CBM block is operational in the State of Gujarat at present.
