

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**RAJYA SABHA
UNSTARRED QUESTION NO. 279
TO BE ANSWERED ON THE 19TH JULY, 2022**

NATIONAL TUBERCULOSIS CONTROL PROGRAMME

**279 SHRI SANJEEV ARORA
SHRI K.C. VENUGOPAL**

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) whether Government has fixed certain targets in respect of identification, detection and treatment of patients suffering from Tuberculosis under the Revised National Tuberculosis Control Programme(RNTCP);
- (b) If so,,the details thereof along with the extent to which these targets have been achieved so far , state/UT-wise;
- (c) Whether Government is evolving a new National Strategic plan for RNTCP And if so, the details thereof; and
- (d) The other steps taken by Governments to develop action plan to control TB and keep of all patients diagnosed of TB and ensure that finish their course treatment and cured?

ANSWER

**THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE
(DR. BHARATI PRAVIN PAWAR)**

(a) to (c) The Government has implemented the National TB Elimination Programme (NTEP) under the aegis of the National Health Mission (NHM). With the goal of achieving Sustainable Development Goals related to TB by 2025, five years ahead of the global targets, the programme has implemented a National Strategic Plan with the following objectives:-

- 1) Early diagnosis of TB patients, prompt treatment with quality assured drugs and treatment regimens.
- 2) To engage with the patients seeking care in the private sector.
- 3) Prevention strategies including active case finding and contact tracing in high risk /vulnerable population.
- 4) Airborne infection control.
- 5) Multi-sectoral response for addressing social determinants.

The Government has made steady progress towards achieving the SDG targets. As per the Global TB Report, 2021 by the World Health Organisation, the incidence of Tuberculosis in India has reduced from 217 / lakh population in 2015 to 188 / lakh population in 2020.

The State/UT-wise details of target & achievement for identification, detection and treatment of TB cases over the last year and current year so far, is placed as **Annexure-I**

(d) The other steps taken by the Government to ensure TB patients are diagnosed and complete treatment, are as under:

- 1) State and District Specific Strategic plan for targeted interventions in high burden areas.
- 2) Provision of free drugs and diagnostics to TB patients including for drug resistant TB.
- 3) Active TB case finding campaign in key vulnerable and co-morbid population.
- 4) Integration with Ayushman Bharat- Health & Wellness Centres to decentralize screening and treatment services closer to the community.
- 5) Private sector engagement including incentives for notification and management of TB cases.
- 6) Scale up of molecular diagnostic laboratories to sub-district levels.
- 7) Nikshay Poshan Yojana for nutritional support to TB patients.
- 8) Intensified IEC campaigns to reduce stigma, raise community awareness and improve health seeking behaviour.
- 9) Multi-sectoral response with involvement of line ministries.
- 10) Scale up TB preventive therapy to contacts of pulmonary TB.
- 11) Notified TB cases are tracked through web-based portal Ni-kshay.
