(b) to (e): At present, there is no central level legislation for the regulation of Yoga and Naturopathy. Since public health is a state subject, State/UT Governments can make laws for the registration of Yoga and Naturopathy practitioners. Also, in the year 2006, Ministry of Ayush has issued detailed guidelines for the registration of Naturopathy practitioners and for the accreditation of Naturopathy institutions to all the States and UT governments. In the said guidelines, Ministry of Ayush requested all the State and UT governments to enact comprehensive legislation for the regulation of Naturopathy.
