

GOVERNMENT OF INDIA
MINISTRY OF EDUCATION
DEPARTMENT OF HIGHER EDUCATION
RAJYA SABHA
UNSTARRED QUESTION NO. 812
ANSWERED ON 14.12.2022

DEVELOPMENT OF QUALITY HEIs

812 # SMT. RANJEET RANJAN:

Will the Minister of EDUCATION be pleased to state:

- (a) whether it is a fact that about 10-12 lakh students go abroad for higher education every year which reflects the level of education in the country;
- (b) if so, the amount of foreign exchange spent every year for pursuing education outside the country;
- (c) whether Government is working on any action plan to stop this trend by developing quality Higher Educational Institutes (HEIs) in the country itself; and
- (d) if so, the details of the scheme and if not, the reasons therefor?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF EDUCATION
(DR. SUBHAS SARKAR)

(a) & (b) Bureau of Immigration (BoI), Ministry of Home Affairs maintains the departure and arrival data of Indians. But there is no index for capturing the category of Indians going abroad for higher education purpose. Purpose of Indians going abroad for higher education is captured manually based either on their verbal disclosure or the type of visa of the destination country produced by them at the time of immigration clearance. The number of Indians who disclosed their purpose of visit as Study/Education while going abroad from 2017 to 2022 (till 30.11.2022) is given below:-

Year	2017 (Full Year)	2018 (Full Year)	2019 (Full Year)	2020 (Full year)	2021 (Full Year)	2022 (Till 30.11.22)
Number	4,54,009	5,17,998	5,86,337	2,59,655	4,44,553	6,46,206

(c) & (d) National Education Policy (NEP) 2020, lays emphasis on internationalization of the higher education system and promotes India as 'global study destination' providing premium education at affordable cost. It has envisioned that "top universities in the world will be facilitated to operate in India." For this, "a legislative framework facilitating such entry will be put in place,

and such universities will be given special dispensation regarding regulatory, governance, and content norms on par with other autonomous institutions of India.” A regulatory framework allowing the entry of higher-ranked foreign Universities, as envisaged in National Education (NEP), 2020 will provide an international dimension to higher education, enable Indian students to obtain foreign qualifications at affordable cost, and make India an attractive global study destination. Accordingly as announced by Hon’ble Finance Minister in the Budget Proposal 2022-23, world-class foreign universities and institutions have been permitted in the GIFT City, Gujarat (Gujarat International Finance Tec-City) to offer courses in Financial Management, FinTech, Science, Technology, Engineering and Mathematics free from domestic regulations, except those by International Financial Services Centres Authority (IFSCA) to facilitate availability of high-end human resources for financial services and technology. Setting up of such foreign University/ Institutions in GIFT IFSC will help in the retention of the talent pool in the country and facilitate availability of high-end human resources for financial services and technology.

In addition to the above, University Grants Commission has notified University Grants Commission (Academic Collaboration between Indian and Foreign Higher Educational Institutions to offer Twinning, Joint Degree and Dual Degree Programmes) Regulations, 2022.

World Class Institutions Scheme was launched in the year 2017 to enable higher educational institutions in the country to have affordable world class academic and research facilities. The regulatory framework of the scheme provides for identifying 10 institutions each from the public and private category to grant them the status of an ‘Institution of Eminence’ (IoE). So far, 12 institutions have been notified as ‘Institutions of Eminence’(IoE) which include 08 institutions from the public category and 04 institutions from the private category. The ‘Institutions of Eminence’(IoE) have been granted significant autonomy in administrative, academic and financial matters to achieve the objectives of the scheme. The public ‘Institutions of Eminence’ (IoE) are also provided financial assistance of up to Rs 1000 Crore, over a period of 5 years, to implement their plans for achieving the objectives of the scheme.
