ANSWER

MINISTER OF AGRICULTURE AND FARMERS WELFARE

(SHRI NARENDRA SINGH TOMAR)

(a) to (c): One of the recommendations of National Commission of Farmers (NCF), set up under the Chairmanship of Prof. M.S. Swaminathan, was that, Minimum Support Price (MSP) should be at least 50 percent more than the weighted average cost of production. In this regard, the Government in its Union Budget for 2018-19 had announced the pre-determined principle to keep MSP at a level of one and half times of the cost of production. Accordingly, MSPs for all mandated Kharif, Rabi and other commercial crops has been fixed with a return of at least 50 per cent over all India weighted average cost of production since the year 2018-19.
