ANSWER

MINISTER OF AGRICULTURE & FARMERS WELFARE

(SHRI NARENDRA SINGH TOMAR)

- (a) As per report on Land Use Statistics for 2018-19 (latest available), the details of area used for cultivation of paddy in the country since 2014-15 are given at **Annexure**.
- (b) and (c) The Ministry of Agriculture & Farmers Welfare is supplementing the efforts of State governments to encourage diversified production of crops such as pulses, coarse cereals, nutri cereals, cotton & oilseed under National Food Security Mission (NFSM) and high value horticultural crops under Mission for Integrated Development of Horticulture (MIDH). Crop Diversification Programme (CDP), a sub-scheme of Rashtriya Krishi Vikas Yojana (RKVY) is also being implemented in original Green Revolution States viz; Haryana, Punjab and Western Uttar Pradesh since 2013-14 to divert the area of paddy crop to alternative crops like pulses, oilseeds, coarse cereals, nutri cereals, cotton etc. CDP has been extended to diversify tobacco crop in 10 tobacco growing states of Andhra Pradesh, Bihar, Gujarat, Karnataka, Maharashtra, Odisha, Tamil Nadu, Telangana, Uttar Pradesh and West Bengal since 2015-16. The Ministry of Agriculture & Farmers Welfare also provides flexibility to the states for state specific needs/priorities under RKVY. The state can promote crop diversification under RKVY with the approval of State Level Sanctioning Committee (SLSC) headed by Chief Secretary of the State.
