

**GOVERNMENT OF INDIA
MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**RAJYA SABHA
UNSTARRED QUESTION NO. 2327
TO BE ANSWERED ON 21.03.2023**

VECTOR-BORNE DISEASES

2327: SHRI NIRANJAN BISHI:

Will the Minister of **HEALTH AND FAMILY WELFARE** be pleased to state:

- (a) whether the cases of vector-borne diseases like malaria/dengue have risen over the past few months;
- (b) whether any research has been taken up to recognize the strain and keep the rise in check;
- (c) if not, the reasons therefor;
- (d) whether there is enough man power and infrastructure to deal with the rise in diseases; and
- (e) if so, State-wise record of the cases?

**ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY
WELFARE
(DR. BHARATI PRAVIN PAWAR)**

- (a) Vector borne Diseases like Malaria and Dengue are seasonal diseases and transmission cycle peaks during monsoon and post monsoon period. There has been no increase in the cases of Vector Borne Disease like Malaria and Dengue, Chikungunya, Japanese Encephalitis, Kala-Azar, Lymphatic Filariasis during the past few months.
- (b) & (c) Indian Council of Medical Research being the nodal body for biomedical research has financially supported several operational studies on malaria and dengue.
- (d) National Vector Borne Disease Control Programme (NVBDCP) is one of the National Health Program under National Health Mission for prevention and control of vector borne diseases namely Malaria, Japanese Encephalitis, Dengue, Chikungunya, Kala-azar and Lymphatic Filariasis. Under the overarching umbrella scheme of the National Health Mission (NHM), Central Government provides technical and financial assistance to the States/UTs in the form of cash and commodity including manpower and infrastructure for control of Vector Borne Diseases.
- (e) State/UT-wise cases of Vector Borne Diseases are **annexed**.

Annexure referred to in Rajya Sabha Unstarred Question No. 2327 for answer on 21/03/2022
State/UTs wise Cases of VBD
