

GOVERNMENT OF INDIA
MINISTRY OF JAL SHAKTI
DEPARTMENT OF DRINKING WATER & SANITATION
RAJYA SABHA
UNSTARRED QUESTION NO-1195
ANSWERED ON-31/07/2023

'HAR GHAR NAL SE JAL' SCHEME

1195.SHRI SANDEEP KUMAR PATHAK:

Will the Minister of JAL SHAKTI be pleased to state:-

- (a) whether target for providing tapped water under Har Ghar Nal Yojna to every household has been met, if not, the reasons therefor, the details of revised targets;
- (b) year-wise and State-wise statistics on the target and achievement of the mission and actual financial allotment by Government to States and UTs in last five years;
- (c) the manner in which Government defines 'regular access' in terms of duration and litres of water supply per tap/household; and
- (d) the number of households having certified connections and whether there is a mismatch between reported and certified connections, if so, the details thereof and reasons therefor?

ANSWER

MINISTER OF STATE OF JAL SHAKTI

(SHRI PRAHLAD SINGH PATEL)

(a) & (b) Since August 2019, Government of India, in partnership with States, is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal to make provision of tap water supply to every rural household by 2024. Water is a state subject and therefore, the primary responsibility for planning and implementing piped water supply schemes to provide tap water to their households, lies with the respective State/UT. Government of India supplements the efforts of the States by providing technical and financial assistance under JJM.

Since launch of JJM, additional 9.42 Crore rural households have been provided tap connections. Thus, as on 26.07.2023, out of 19.42 crore rural households in the country, provision of tap water supply has been made to 12.65 Crore (65%) households. As reported by States on JJM-IMIS, State/ UT-wise and year-wise details of tap connections provided, are at **Annex-I**. The year-wise and State/ UT-wise details of JJM central fund allocated and fund drawn by the States/ UTs under during last five years, are at **Annex-II**.

As on 26.07.2023, 6 States of Goa, Gujarat, Haryana, Punjab, Himachal Pradesh and Telangana, and 3 UTs of Andaman & Nicobar Islands, Dadra & Nagar Haveli and Daman & Diu, and

Puducherry reported to have provided tap water connection to every rural household in their State/UT.

(c) Under JJM, a functional household tap connection is defined as having service levels of adequate quantity (55 liters per capita per day), of prescribed quality (as per BIS:10500 norms) on regular basis as per the schedule decided by the Panchayat/ Village Water and Sanitation Committee (VWSC).

(d) As per Operational Guidelines of JJM, after making provision of tap connections to all rural households in a village, the Department implementing the scheme provides completion certificate to Gram Panchayat and marks the village as 'Har Ghar Jal' village on JJM-IMIS. Subsequently, Gram Sabha while reading out aloud the work completion report in its meeting, formally passes resolution certifying itself as 'Har Ghar Jal' village. The copy of certificate provided by implementing department, resolution passed by Gram Sabha, and a small video capturing the Gram Sabha is reflected on JJM Dashboard and village is marked certified in JJM-IMIS. As such, certification is carried out only at village level, in such villages where all households are reported to have been provided tap water connections.

As on 26.07.2023, out of 1,76,363 villages are reported as 'Har Ghar Jal' by implementing departments in States/ UTs, 65,826 villages have been certified by gram sabhas, as 'Har Ghar Jal' villages.
