- (e) if not, the reasons for the delay?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF CHEMICALS & FERTILIZERS
(SHRI BHAGWANTH KHUBA)**

(a) to (e): Central Drugs Standard Control Organization (CDSCO) under the Ministry of Health & Family Welfare has informed that in order to have a comprehensive National Drugs Database a Committee has been constituted by CDSCO. A comprehensive database of drug formulations manufactured/ marketed in the country providing detailed information on the drug, its dosage form, strength, details of manufacturer/ marketer/ importer etc. is crucial, for not only empowering consumers but also for improving the monitoring mechanism for quality of drugs in circulation, across the country and uniform administration of regulatory system, etc. The Committee has submitted its report with the recommendation.
