ANSWER

THE MINISTER OF AGRICULTURE & FARMERS WELFARE
(SHRI ARJUN MUNDA)

(a) & (b): Yes, Sir. The Government of India has implemented the District Agricultural Contingency Plan (DACP) prepared for 650 Districts of the country including all 24 districts of Jharkhand.

To mitigate weather related challenges in the country, the Government of India also implements National Mission for Sustainable Agriculture (NMSA), which is one of the Missions within the National Action Plan on Climate Change (NAPCC).

The Government of India provides assistance to the states including Jharkhand through the NMSA to implement the DACP.
