- (d) if so, the details of the list of new industrial projects from the year 2019-2024?

**ANSWER**

**THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE & INDUSTRY  
(SHRI SOM PARKASH)**

- (a) & (b):** The Ministry of Commerce and Industry, Government of India allocates funds under various Central Sector Schemes to promote industrialisation in the country, including the States of Kerala, Goa and Assam, under which the funds are allocated scheme-wise, and not state-wise.
- (c) & (d):** Industry is a state subject. The primary responsibility of industrial development rests with the State Government. The Union Government supplements their efforts through various schemes, with a view to promote industry. DPIIT implements the schemes for overall development of industrial sector such as schemes for Investment Promotion, Ease of Doing Business, Modified Industrial Infrastructure Up-gradation Scheme, Production Linked Incentive Scheme, National Industrial Corridors, Startup India, Footwear, Leather & Accessories Development Programme and Initiative of Promotion of Geographical Indication, etc.

Govt. of India, on 30th December, 2020, had approved plans for the development of 11 Industrial Corridors spanning 32 projects in 4 phases. Project namely Integrated Manufacturing Clusters (IMCs) at Palakkad Node under extension of Chennai — Bengaluru Industrial Corridor (CBIC) in Kerala is one of these 32 Projects. Funds amounting to Rs. 2.50 Crore have been released by National Industrial Corridor Development and Implementation Trust (NICDIT) in September, 2021 to the project SPV namely Kerala Industrial Corridor Development Corporation Limited (KICDCL) towards initial equity contribution (50%) of NICDIT for incorporation of the SPV.
