ANSWER

MINISTER OF RAILWAYS, INFORMATION & BROADCASTING
AND ELECTRONICS & INFORMATION TECHNOLOGY

(SHRI ASHWINI VAISHNAW)

(a) to (c) On Indian Railways, demand of reserved accommodation in trains is not uniform throughout the year and it varies over lean and peak periods and also during different days of the week. During peak rush periods, the reserved accommodation is high in demand whereas during non-peak periods, the confirmed reserved accommodation remains available for comparatively longer duration. Moreover, trains running on high density sectors are well patronised. During the financial year 2023-24, Indian Railways carried approximately 694.68 crore passengers across all zones of Indian Railways including approximately 617.59 crore unreserved passengers.
