**ANSWER**

MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT  
(SHRI. KAMLESH PASWAN)

(a): A total of **66,806 Km** of road length have been sanctioned and **97,843 Km** constructed under various interventions/ verticals of PradhanMantri Gram SadakYojana (PMGSY) during the last three years. State-wise details are given in **Annexure**. These roads will provide connectivity to various habitations and facilities such as schools, hospitals, and Grameen Agricultural Markets which will improve the socio-economic condition of the people living in these areas.

(b): Average length (in Km) of roads constructed per day under PMGSY during the last five years, year-wise is as under:-

S.No	Year	Average length (in Km) of roads constructed per day
1	2023-24	71.50
2	2022-23	81.49
3	2021-22	115.08
4	2020-21	100.48
5	2019-20	74.76

The above averages have been calculated on the basis of overall length of PMGSY roads completed during the year. The year wise achievements have varied on account of challenges due to difficult terrain, non-availability of land and reduced length of available working season in the States/ UTs.
