ANSWER

THE MINISTER OF STATE FOR JAL SHAKTI

(SHRI RAJ BHUSHAN CHOUDHARY)

(a) Pradhan Mantri Krishi Sinchai Yojna (PMKSY) is an umbrella scheme, consisting of two major components being implemented by the Department of Water Resources, River Development & Ganga Rejuvenation, Ministry of Jal Shakti, namely, Accelerated Irrigation Benefit Programme (AIBP), and Har Khet Ko Pani (HKKP). HKKP, in turn, consists of four sub-components: (i) Command Area Development & Water Management (CAD&WM); (ii) Surface Minor Irrigation (SMI); (iii) Repair, Renovation and Restoration (RRR) of Water Bodies; and (iv) Ground Water (GW) Development. In 2016, with the launching of revised AIBP format, CAD&WM sub-component of HKKP has been taken up for pari passu implementation with AIBP.

Further, in December, 2021, implementation of PMKSY for the period 2021-22 to 2025-26 has been approved by Government of India. However, approval of Ground Water component under PMKSY-HKKP has provisionally been accorded till 2021-22 only for committed liabilities, which has been extended subsequently till completion of ongoing works. Also, Per Drop More Crop component, which was earlier a component of PMKSY, is now being implemented separately by Department of Agriculture and Farmer's Welfare (DoA&FW) under Rashtriya Krishi Vikash Yojna (RKVY). In addition, Watershed Development Component (WDC) is being implemented by Department of Land Resources (DoLR).

Ninety-Nine (99) ongoing Major/Medium Irrigation Projects (MMI) (and 7 phases) spread in 18 States were identified under PMKSY-AIBP during 2016-17 along with pari-passu implementation of CAD&WM in 88 projects, in consultation with States, to be completed in phases. 62 MMI projects have been reported completed under PMKSY-AIBP with creation of 25.80 lakh hectare of irrigation potential through these projects during 2016-24 against balance irrigation potential of 34.64 lakh hectare. Command area development of 19.28 lakh hectare has been achieved during 2016-24.

Nine (09) new MMI/ERM projects have been included in the scheme since 2021-22. The targeted potential to be created by these projects is 4.01 lakh hectare.

Details of completed and ongoing projects under PMKSY-AIBP are placed as **Annexure**.

Besides above, irrigation potential of 4.64 lakh hectare has been created under PMKSY-HKKP-SMI and RRR and irrigation potential of 88.55 thousand hectare has been created under PMKSY-HKKP-GW during 2016-17 to 2023-24.

Further, an area of 84.11 lakh hectares has been covered under micro irrigation under the PDMC Scheme being implemented by DoA&FW during 2016-24. Also, a total of 9,364 projects in 89.23 lakh hectare area have been taken up by Department of Land under Watershed Development Component of PMKSY during 2016-24.

(b) To ensure efficient utilisation of funds and successful completion of projects under the PMKSY, the projects are regularly monitored by the Central Water Commission under DoWR, RD&GR, as well as by a dedicated Project Management Unit (PMU) under this Ministry. The physical and financial progress of these projects is also monitored through a dedicated dashboard, backed with a management information system maintained by DoWR, RD&GR.

Apart from the above, the implementation and progress of the projects are also monitored at the highest level in this Ministry. Secretary, Department of Water Resources, River Development & Ganga Rejuvenation, Ministry of Jal Shakti takes project-wise periodic reviews of the physical and financial progress of the projects and actions to be taken by the various State Governments are finalized for early resolution of issues. Issues and bottlenecks under the projects are also flagged over the Project Monitoring Group (PMG) portal and resolved in PMG meetings under Secretary (Coordination), Cabinet Secretariat.
