ANSWERED ON 16.12.2024

LITHIUM MINING

2347 SHRI DIGVIJAYA SINGH:

Will the Minister of MINES be pleased to state:

- (a) details of State-wise distribution of identified mineral blocks for which Government has issued a Notice Inviting Tender (NIT);
- (b) the current status of the e-auction process for the 20 critical and strategic mineral blocks announced by Government, including the number of blocks successfully auctioned and those pending allocation;
- (c) the details of the entities that have been awarded tenders for these mineral blocks, including the names of the companies, the specific blocks allocated to each; and
- (d) whether Government has taken the measures to ensure that there is minimal social and economic damage?

ANSWER

THE MINISTER OF COAL AND MINES
(SHRI G. KISHAN REDDY)

(a) to (c) So far, the Ministry of Mines has issued NITs for 48 critical & strategic mineral blocks in four tranches. Out of these, 24 blocks [4 Mining Lease (ML) and 20 Composite License (CL)] has been successfully auctioned and preferred bidders of the same have been declared. State wise details are given at **Annexure –I**.

(d) As per existing law, before execution of the mining lease, every mine is required to obtain the requisite statutory clearances from various departments of the Central Government and respective State Governments.

Ministry of Mines has implemented Sustainable Mining by making provisions under Chapter-V of the Mineral Conservation and Development Rules (MCDR), 2017. Provisions have been incorporated in the rules for precaution against air pollution, prevention of discharge of toxic liquid, precaution against noise, control of surface subsidence etc.

Rule 35 of MCDR, 2017 provides for star rating of the mining leases based on the sustainable mining practices adopted by the miners. Further, as per Rule 35 (4) of MCDR, 2017, every holder of a mining lease shall achieve at least three-star rating within a period of four years from the date of commencement of mining operations and thereafter maintain the same on year-on-year basis.

Section 9(B) of the MMDR Act provides for the establishment of District Mineral Fund (DMF) as a non-profit body with contributions from lease holders, with the objective to work for the interest and benefit of persons, and areas affected by mining related operations. The DMFs take up development and welfare schemes in mining affected areas.
