

GOVERNMENT OF INDIA
 MINISTRY OF AGRICULTURE AND FARMERS WELFARE
 DEPARTMENT OF AGRICULTURE AND FARMERS WELFARE
RAJYA SABHA
UNSTARRED QUESTION No. 2900
 TO BE ANSWERED ON THE 20/12/2024

GAPS IN INFRASTRUCTURE AND INVESTMENT MOBILIZATION IN AGRICULTURE SECTOR

2900. SMT. SUNETRA AJIT PAWAR:

Will the Minister of AGRICULTURE AND FARMERS WELFARE be pleased to state:

- (a) whether there are gaps in infrastructure and investment mobilization in agriculture sector;
- (b) if so, the details thereof along with the reasons therefor;
- (c) whether Government is providing financial assistance to States in order to bridge these gaps;
- (d) if so, the details of financial assistance provided to each State particularly to Maharashtra, during the last three years and the current financial year; and
- (e) the extent to which agricultural infrastructure has been created to meet the needs of farmers, particularly in Maharashtra?

ANSWER

MINISTER OF STATE FOR AGRICULTURE AND FARMERS WELFARE
 (SHRI RAMNATH THAKUR)

(a) to (e): The major initiatives undertaken by the Government in order to address the existing infrastructure gaps and mobilize investment in agriculture infrastructure are 'Agriculture Infrastructure Fund', Agricultural marketing Infrastructure (AMI), National Agriculture Market (e-NAM) scheme, Mission for Integrated Development of Horticulture (MIDH), Rashtriya Krishi Vikas Yojana (RKVY) etc. are being implemented. The brief details of the schemes are as below:

(i) As part of the Atmanirbhar Bharat initiative, the Agriculture Infrastructure Fund (AIF) was launched in 2020 to promote sustainable agriculture by supporting the development of agricultural infrastructure across India. This initiative aims to empower farmers and boost their incomes by facilitating medium- to long-term loans through lending institutions at a maximum interest rate of 9%. Under the AIF, loans are offered for infrastructure projects at farm-gate and aggregation points, with a target of financing ₹1 lakh crore by 2025-26. Additionally, the scheme benefits borrowers from an interest subvention of 3% per annum for a duration of up to seven years for loans up to ₹2 crore. To further support borrowers, the initiative includes credit guarantee support by way of reimbursement of credit guarantee fees for loans up to ₹2 crore for 7 years, reducing the financial risks for both lenders and borrowers. As on 30.11.2024, Rs. 51,783 Crore have been sanctioned by lending institutions for 85,314 projects under AIF, out of this total sanctioned amount ₹39,148 crore is covered under scheme benefits. These sanctioned projects have mobilized an investment of Rs. 85,208 crore in agriculture sector.

The details of the financial assistance as loans provided to the beneficiaries of states in the last three years, current financial year and projects status of the state of Maharashtra may be seen at **Annexure-I**.

(ii) Agricultural Marketing Infrastructure (AMI), a sub-scheme of Integrated Scheme for Agricultural Marketing (ISAM) under which assistance is provided for construction/ renovation of godowns/ warehouses in the rural areas in the States to enhance the storage capacity for agriculture produce. AMI is demand driven scheme in which subsidy is provided at the rate of 25% and 33.33% on capital cost of the project based on the category of eligible beneficiary. Assistance under this scheme is available to Individuals, Farmers, Group of farmers/growers, Agri-preneurs, Registered Farmer Produce Organizations (FPOs), Cooperatives and state agencies etc. AMI Scheme is demand driven and there is no State-wise fund allocation. However, the State-wise fund released (**including Maharashtra**) under AMI both for storage as well as other than storage agricultural marketing infrastructure projects by the implementing agencies to the beneficiaries during the last 3 years and the current financial year up to November, 2024 may be seen at **Annexure-II**.

(iii) National Agriculture Market (e-NAM) scheme, a virtual platform integrating physical wholesale mandis/ markets of different States/ Union Territories (UTs) to facilitate online trading of agriculture and horticulture commodities to enable farmers to realize better remunerative prices for their produce.

(iv) Mission for Integrated Development of Horticulture (MIDH) under which financial assistance for setting up of Post-Harvest Management Infrastructure including cold storage, cold room facilities for horticultural produce @ 35% of the project cost in general areas and 50% in case of hilly and scheduled areas per beneficiary is available. The component is demand/entrepreneur driven through commercial ventures for which Government assistance is credit linked and back ended. State-wise and year-wise release of funds under NHM/HMNEH-MIDH may be seen at **Annexure-III**.

(v) Rashtriya Krishi Vikas Yojana (RKVY), a Centrally Sponsored Scheme under which the funds are released to the State Governments as Grants-in-Aid on the basis of projects in Agriculture & allied sectors approved in the State Level Sanctioning Committee Meeting (SLSC) headed by the Chief Secretary of the concerned State, which is the empowered body to approve projects under the scheme. In this scheme States has flexibility and autonomy in the process of selection, planning, approval and execution projects in agriculture and allied sectors as per their priorities. RKVY is primarily a project oriented scheme, the benefit of which is available to all sections of the farming community. From 2015-16, the funding pattern of RKVY changed from 100% central share to 60:40 between Centre and States whereas 90:10 between Centre and North Eastern & Himalayan States. For UTs it remains 100% as Central share. The State-wise allocation, release and utilization under RKVY may be seen at **Annexure-IV**.

ANNEXURE-I**State wise loan Sanctions under AIF during last 3 years till 31.03.2024**
