The basic objective of the scheme is to ensure overall development of food processing sector in the country. The scheme aims to achieve the objective by providing incentives for creation of food processing & preservation infrastructure industries in the country. The PMKSY has several on-going component schemes such as Agro Processing Cluster (APC), Integrated Cold Chain and Value Addition Infrastructure (ICC), Creation / Expansion of Food Processing & Preservation Capacities (CEFPPC) and Operation Greens (OG) to provide financial assistance for setting up of Food Processing Industries (FPI) in the country. The scheme is demand driven in nature, the proposals under the scheme are invited through Expression of Interest (EOI) for setting up food processing units from all over India including state of Maharashtra. The financial assistance is provided at the rate of 35% of the eligible project cost for projects in General Areas, and 50% for projects in Difficult Areas, as well as for projects involving SC/ST, FPOs (Farmer Producer Organizations), and SHGs (Self-Help Groups). Under Operation Greens scheme, the Ministry has identified Ratnagiri, Sindhudurg and Raigad districts of Maharashtra as production clusters for Mango.

(b). Under Pradhan Mantri Formalisation of Micro food processing Enterprises (PMFME) Scheme, Mango has been identified as One District One Product (ODOP) for Ratnagiri and Sindhudurg district of Maharashtra. For the districts of Ratnagiri & Sindhudurg, 35 and 16
