(a) & (b): The Statistical Profile of Indian Cooperative Movement- 2018 was published by National Cooperative Union of India (NCUI) in 2018. Subsequently, a comprehensive National Cooperative Database (NCD) has been developed by Ministry of Cooperation, Government of India, with the support of State/UT Governments. The latest report on 'National Cooperative Database Report- 2023' was published by Ministry of Cooperation in March, 2024. This report includes inter-alia state-wise and sector-wise data on the number of cooperatives and their memberships accessible through the NCD portal. It provides insightful information and detailed analysis of key 29 sectors such as Primary Agricultural Cooperative Societies (PACS), Dairy, Fishery, Housing, Labour, Credit & Thrift, Cooperative Banking etc. The said report is available in public domain at this office website at <https://cooperatives.gov.in/>.
