

**श्री जगत प्रकाश नड्डा:** सभापति जी, आज जब विपक्ष के ऊपर इतना good sense prevail कर रहा है, तो हम सबको सर्वसम्मति से यह प्रस्ताव पारित करना चाहिए कि Legislative Business को कभी disturb न किया जाए और general तरीके से हाउस की proceedings चले तथा ज़ीरो ऑवर और क्वेश्चन ऑवर निश्चित रूप से चले। ...**(व्यवधान)**...

**श्री पीयूष गोयल:** वह तो दूध का धुला है और उसकी बिना बात के दूसरे के ऊपर आरोप लगाने में expertise है।

**श्री किरन रिजिजू:** सर, लीडर ऑफ़ दि हाउस ने एक अपील की है। हम लीडर ऑफ़ दि अपोजिशन, खरगे जी को भी उनकी उम्र की वजह से भी और उनके experience की वजह से भी बहुत इज्जत देते हैं, फिर भी वे लीडर ऑफ़ दि हाउस को 'मिस्टर नड्डा' कह कर address करते हैं। अभी भी यह रिकॉर्ड में है। हाउस के अंदर एक-दूसरे की इज्जत बरकरार रखना, यह बहुत अनिवार्य है। सर, अभी आप रिकॉर्ड चेक कर लीजिए। आज लीडर ऑफ़ दि अपोजिशन ने जो वक्तव्य दिए हैं, ...**(व्यवधान)**... सदन चलेगा, तो परंपरा और इज्जत के साथ। ...**(व्यवधान)**... ऐसा नहीं होता है। लीडर ऑफ़ दि हाउस ने लास्ट में जो अपील की है, अपनी पार्टी की ओर से हम लोग सदन peacefully चलाना चाहते हैं। लेकिन मेरा इतना कहना है कि उन्होंने जो लास्ट अपील की, उसके लिए क्या formally एलओपी साहब बता सकते हैं कि आगे आप यहाँ छोटे-छोटे विषय का मुद्दा उठा कर हाउस disturb नहीं करेंगे? आपकी तरफ से unnecessary मुद्दा उठा कर आप हाउस disturb नहीं करेंगे, आपको भी इसका commitment देना पड़ेगा और आप यहाँ fake narrative खड़ा नहीं करेंगे, इसका भी आपको वादा करना पड़ेगा। ...**(व्यवधान)**...

MR. CHAIRMAN: Hon. Members, I have received one notice under Rule 267, seeking discussion on the problem of farmers. I do not find the same in order and, therefore, I am unable to agree to that.

---

### MATTERS RAISED WITH PERMISSION

MR. CHAIRMAN: Now, Matters raised with Permission of the Chair. ...**(Interruptions)**... Nothing else will go on record. Yes, Shri A. D. Singh.

### Demand to grant more Visas to technical experts from China

SHRI A.D. SINGH (Bihar): Sir, private sector enterprises from footwear and textiles to engineering and electronics in India have purchased huge machinery from China but are unable to use them productively without the help of Chinese technicians. The

machinery is lying idle and export orders remain unfulfilled. The Secretary, Department for Promotion of Industries and Internal Trade, has accepted the claims by Indian companies that a significant skill gap exists between the Chinese and Indian factory supervisors and workers.

(MR. DEPUTY CHAIRMAN *in the Chair.*)

The leaders of these private companies are of the view that Chinese professionals are highly productive and less expensive.

In view of this, the Engineering Export Promotion Council of India is of the view that more Visas should be given to Chinese experts so that the machinery in India can be put to an efficient use. Hence, strategies should be designed in such a way that the experts are issued Visas after due diligence keeping in view national security. The process should be expedited.

MR. DEPUTY CHAIRMAN: The following hon. Members associated themselves with the matter raised by the hon. Member, Shri A.D. Singh: Shri P. Wilson (Tamil Nadu), Shri Prakash Chik Baraik (West Bengal), Dr. John Brittas (Kerala), Shri Sandosh Kumar P (Kerala), Shri A.A. Rahim (Kerala), Shri Niranjana Bishi (Odisha) and Dr. Sasmit Patra (Odisha).

### **Concern over rising cases of non-communicable diseases (NCDs) in the country**

SHRI JOSE K. MANI (Kerala): Sir, I rise today to draw attention to a growing public health crisis in our country -- the rising cases of Non-Communicable Diseases (NCDs). These diseases, including diabetes, cardiovascular diseases, cancer and chronic respiratory diseases, are now responsible for over 60 per cent of all deaths in India, according to the World Health Organisation (WHO). In 1990, this was around 38 per cent. Alarming, these diseases are increasingly affecting younger population, particularly those in their 30s and 40s. The economic impact of NCDs is severe. One in four Indians has a risk of dying from an NCD before they reach the age of 70. And majority of them die at young age. Every life lost is not just a personal tragedy, but also a loss to our nation's progress, potential and to the family. At the heart of this crisis are poor lifestyle choices, such as unhealthy diets, lack of physical activity, smoking, excessive alcohol consumption and also high level of air pollution. Limited access to primary healthcare, lack of preventive care and insufficient early detection mechanisms mean many of these Non-Communicable Diseases go undiagnosed until
