- (c) whether any subsidies are being provided to the project by the Central or State Government; and
- (d) the budgetary allocation and the timeline for the project?

ANSWER

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY
(SHRI JITIN PRASADA)

(a) to (d): Government has approved Semicon India programme with a total outlay of Rs 76,000 crore for the development of semiconductor and display manufacturing ecosystem in India. This Programme is a pan India programme. Under this programme, Government has approved five (5) semiconductor manufacturing projects with total committed incentive of more than Rs. 60,000 crore. Seventeen (17) semiconductor design companies have also been approved under the Design Linked Incentive (DLI) Scheme to design chips for Indian products. Further 51 companies (including 3 companies from Maharashtra) have been approved under DLI Scheme for EDA tool infrastructure support. Additionally, Chip to Startup (C2S) Programme has 19 approved beneficiaries in the state of Maharashtra as detailed in the Annex. Applications from various applicants are under appraisal in India Semiconductor Mission, which also includes Maharashtra as a possible option for setting up semiconductor manufacturing facility.
