#### **Tea (Marketing) Control Order, 2003**

1099. SHRI SK. KHABIR UDDIN AHMED: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether Government are aware that tea producers in the country are facing difficulties to sell their produces due to introduction of a new provision in Tea (Marketing) Control Order, 2003 resulting in the closure of many tea estates; and

(b) If so, the steps Government propose to take in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI RAJIV PRATAP RUDY): (a) It Is not a fact that the tea producers in the country are facing difficulties to sell their produce due to the Introduction of the Tea (Marketing) Control Order, 2003 and directives issued thereunder regarding changes in auction rules. The Tea (Marketing) Control Order, 2003 and the changes in auction rules were notified based on the recommendations of a reputed consultancy firm who conducted a study of the primary marketing of tea in India. The objective of the study was to safeguard the legitimate interests of the producer as well as buyers, keeping in view the overall aim of strengthening the primary system of marketing of tea through auctions in terms of transparency and fair price discovery. These measures have been widely welcomed by all sections of the producers, big and small and all the tea growing states. Some tea gardens in the country have, over the last few years, faced closure due to the continuous fall in prices of tea, and increased cost of production. These factors have adversely affected the economy of the tea plantations. The Tea (Marketing) Control Order 2003 is designed to address this problem. After some disruptions initially, the new regime and auction system have settled down with improved transparency and price discovery.

(b) Does not arise.
