

(d) India and the United States remain committed to the shared goal of completing the process of transforming India-U.S. relations, outlined by Prime Minister and President George Bush in November 2001.

**Exchange of enclaves between India and
Bangladesh**

3660. SHRI TARINI KANTA ROY: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

- (a) whether regarding exchange of enclaves between India and Bangladesh, there has been any efforts to ratify the Indo-Bangladesh Land Boundary Agreement of 1974;
- (b) the number of Indian enclaves in Bangladesh and Bangladeshi enclaves in India alongwith the area and population, enclave wise;
- (c) the factors hampering the smooth and quick exchange of enclaves and the measures taken to overcome them; and
- (d) the details of Government's efforts in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI VINOD KHANNA): (a) Yes.

(b) There are .111 exchangeable Indian enclaves in Bangladeshi territory and 51 exchangeable Bangladeshi enclaves in Indian territory. Enclave wise area figures are given in Statement-I and II (*See* below). The population figures are not available with the Government as no access to the Indian enclaves in Bangladeshi territory has been provided by Government of Bangladesh for census operations.

(c) and (d) The exchange of enclaves is directly linked to the completion of the joint demarcation of boundary between India and Bangladesh which is a procedural requirement for the ratification of the Land Boundary Agreement of 1974. The Governments of India and Bangladesh have set up two Joint Boundary Working Groups to resolve all pending issues relating to implementation of the Land Boundary Agreement of 1974 including exchange of enclaves. Two meetings of the Joint Boundary Working Groups have taken place so far.

Statement-I*Exchangeable Indian Enclaves in Bangladesh with Area***A. Enclaves with independent chhits**
