Progress in Cleaning the Rivers

†3758. SHRIMATI MAYA SINGH : Will the Minister of ENVIRONMENT AND FORESTS be pleased to state :

(a) whether it is a fact that pollution level had reached a very high level in major rivers;

(b) if so, the details thereof :

(c) whether it is also a fact that the work had been started to reduce pollution level in several rivers; and

(d) if so, the names of the rivers where such a work had been started and the progress made in this regard so far ?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI DILIP SINGH JUDEV) : (a) to (d) The Central Pollution Control Board during their survey identified 34 polluted stretches of 22 major rivers, where the existing water quality was violating the desired water quality standards. A National River Conservation Plan has been under implementation for pollution abatement of 30 stretches of polluted rivers in 156 towns in 17 States. River-wise details of cost of works approved, sanctioned and expenditure are given in the Statement enclosed.
